

'The Right Combination'

Counselors and S.A.F.E. TEAM®

Professional School Counselors work as a collaborative team with the school staff, parents and the community to create a caring climate and atmosphere to support the academic achievement of all students.

S.A.F.E. TEAM® supports School Counselors' mission by aligning with:

Parents:

Through experience, the S.A.F.E. TEAM® understands the priorities for success and helps school counselors reach and include all family members. It provides a way to increase communication and networking between schools and families.

Teachers:

As family members commit to the S.A.F.E. TEAM® program, through active participation, they are allowed to engage in the academic achievement process of their students.

Administrators:

Engaging families in the S.A.F.E. TEAM® program allows for a school climate with increased personal responsibility, safety and academic support.

Learn more Today! Schools and Families Engaged® has documented how their approach to Family Engagement supports the Search Institute's *40 Developmental Assets* in building individuals, families and communities.
